Certificate

on completion

WHY IT MATTERS

Literacy beats income.

Financial literacy — not income — is the #1 predictor of financial well-being. Most students borrow before anyone teaches them how money works.

#1

predictor

of well-being is literacy, not income

~\$30K

median debt

student loans at graduation

Decades

compounding

these habits run your whole life

THE CURRICULUM

Twelve chapters, one connected course

01

Money Basics

02

Student Loan Reality

03

Credit Cards & Scores

04

Car Loans & True Cost

05

Renting vs. Buying

06

Investing at First Job

07

Taxes & First Paycheck

08

Insurance Basics

09

Scams & Fraud

10

Life After College

11

Wealth — Build It

12

Protection — Keep It

WHAT'S INSIDE

What's inside

Ask the Tutor

A live AI guide for every lesson.

Budget & debt calculators

Run your own real numbers.

Compound-growth tools

Watch time do the heavy lifting.

Certificate of completion

A credential students can show.

Professor dashboard

Locked staff view — completion & pre/post gain.

Scam & fraud chapter

Protect what you earn.

THE STAFF DASHBOARD

Professor Dashboard

A locked, passcode-protected staff view — completion, mastery and pre/post knowledge gain, built right into the app.

Cohort at a glance

Students enrolled & active, course completion %, and average quiz mastery — one screen.

Completion gate

A donut shows who finished the required chapters vs. still in progress.

Pre vs. post gain

The class diagnostic before and after — the knowledge lift, quantified.

Mastery by chapter

Every chapter's completion and average quiz, flagged on-track / monitor / lagging.

Students needing support

Behind-pace or low-activity students surfaced for outreach.

Course settings

Set the pass bar and share a class link that tags every student to your section.

THE MONEY TOOLS

How the Tool Lab works

Plug in real numbers and watch the math — budgeting, debt, and investing, all live.

Budget Builder

The 50/30/20 tracker — needs, wants, and savings on your real take-home.

Debt Tools

Student-loan and credit-card payoff — true cost and the minimum-payment trap.

Investing & Career

Compound growth, the 401(k) match, and salary-negotiation impact.

Ask the Tutor

A live guide for any money question, in plain English.

HOW IT WORKS

How it works

1

Open a chapter

Read, with the Tutor on call.

2

Use the tools

Budget, debt, compounding.

3

Pass the quiz

Lock in each chapter.

4

Earn the certificate

Twelve chapters, real mastery.

WHAT YOU WALK AWAY WITH

What students walk away with

Real fluency

Budgeting, credit, investing, taxes.

Debt sense

Loans understood before signing.

A credential

Certificate for the resume.

Confidence for life

Skills from the first paycheck.

Money skills for the long game.

Twelve chapters of college-level financial literacy — self-paced, tool-driven, and built to last.

Educational financial literacy — not financial, tax, or legal advice.
